

Public Sector ICT Procurement

Submitted on 05 Feb 2013 by

European Seminar, 4th – 5th March 2013, Berlin, Germany

institutions on national, regional and local level planning ICT projects and the procurement of ICT solutions, as well as providers of ICT solutions for the public sector, lawyers and consultants in the field of public procurement to the European Seminar “Public Sector ICT Procurement” to take place in Berlin on 4th and 5th March 2013.

At this training participants will have the chance to learn how to handle ICT procurements successfully and how to ensure that they get best value for money. The experienced lecturers are leading experts among other from

- Ministry of the Interior of Baden-Württemberg, Germany;
- Association of Chief Police Officers, United Kingdom
- Fife Council, Scotland, United Kingdom.

In times of informatisation and building of efficient e-government systems, handling procurement and tendering processes of ICT solutions are particularly important in regard to effective operation of IT infrastructure. It is essential to constantly improve employees’ knowledge level on public procurement peculiarities in the fast-moving environment of the ICT sector.

The participants at this European seminar will not only get the chance to profit from the practical experiences of the lecturers but also to network with decision-makers from the public and the private sector from all across Europe.

More information about the programme, the speakers and the registration formalities for this ICT Procurement seminar you will find in the event brochure:
