Quick facts

- Company: OffeneGesetze.de
- Sector: Justice, Legal System & Public Safety
- Product / service: Website
- Type of data: Open German juridical data
- Origin: Germany

Description

All laws of the Federal Republic of Germany are published in the Federal Law Gazette (BGBl.). Laws only come into force when they appear there. Users can access the laws for free on OffeneGesetze.de and get additional information on the law-making process. The website offers features to make it easy for users to search through laws, for example by selecting a specific time frame or searching for specific topics.

Benefits

- The website uses open data to enhance transparency on federal German legislation.
- The website empowers people to have an informed discussion about German juridical processes and laws.

Freier Zugang zu unseren Gesetzen.

Ein privater Verlag bestimmt darüber, wie unsere Gesetze in Kraft treten. Wer Gesetzesblätter des Bundes durchsuchen, kopieren oder ausdrucken will, wird zur Kasse gebeten.

Das ändern wir!

Wir stellen das Bundesgesetzblatt in digitaler Form kostenfrei zur Verfügung.

Das Bundesgesetzblatt **Der Bundesanzeiger Verlag** **Offene Gesetze**

How open data is used

The website provides an overview on Federal law enforcement from the government of Germany. Users can download, process, re-use the data as well as learn more about the political system in Germany.
